## Make Your Own Pigeontastic Baubles

Make your very own Dave Pigeon baubles for a pigeontastic Christmas. You can get rid of those boring decorations from last year and hang these personalised baubles all over your tree or your house or even on your ears.

Decorate the characters on the baubles with Christmas hats, mince pies and festive jammy biscuits. Remember to colour in the baubles. You can use glitter...

...and stickers if you want.

Carefully cut along the lines. Ask a grown up to help as there are some fiddly bits. Remember to colour in the back of the bauble before you cut through the hole at the top, again with the help of a grown up. (A hole punch works well.)

Thread a piece of ribbon through the hole...

...so you can hang your decorations up for everyone to admire.

Ask an adult to take a picture and show us your decorations on Twitter...  
...using #DavePigeon

And don't forget to leave out mince pies on Christmas Eve...

...for ME!  
Merry Christmas from Dave Pigeon and Skipper!
